Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Monday 08 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Chilly start, becoming wet and windy.

Today:
A dry, bright but chilly start, then turning increasingly cloudier and breezier through the morning. Cloud continuing to build during the afternoon followed by outbreaks of rain and drizzle with strong winds, especially over the hills. Maximum temperature 11 deg C (52 deg F).

Tonight:
Staying cloudy and windy into the evening and overnight with further rain likely, this heaviest over the Pennines. Staying wet and breezy through to dawn. Minimum temperature 9 deg C (48 deg F).

Tuesday:
Wet and windy through the morning. Drier spells into the afternoon and evening with winds easing, but southern parts may see further rain by the evening. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Generally dry and bright with sunny spells and light winds through Wednesday and Thursday. Thickening cloud, outbreaks of rain and strengthening winds developing from the north on Friday. Fairly mild.
